

Thames Valley District School Board

Our school is committed to providing all students with a safe, caring, and inclusive learning environment free from bullying and harassment that promotes respect, acceptance, and empathy.

Our staff, students, parents, and community will work together as a team to make our school safe and welcoming for everyone.

Safe and Inclusive School Plan

Ensuring Positive Learning Environments

This year we are focusing on the making sure our community (staff, students, parents) know the definition of bullying.

We are doing this so that students will be able to better report issues as they arise and understand the difference between bullying, conflict and being mean.

Throughout the year, we will be:

1. Focusing on the difference between the 3 problems and how to deal with each one.
2. Focusing on how to be kind and be a good friend.
3. Focusing on how to problem solve when dealing with bullying, conflict and students being mean.

Community/Home Connections

Ask your child about what they are learning in class about bullying.

Ask your child how they were a good friend at school.

Ask your child how they solve problems with peers at school.
