

# Thames Valley District School Board

Our school is committed to providing all students with a safe, caring, and inclusive learning environment free from bullying and harassment that promotes respect, acceptance, and empathy.

Our staff, students, parents, and community will work together as a team to make our school safe and welcoming for everyone.

## Safe and Inclusive School Plan

### Ensuring Positive Learning Environments

This year we are focusing on improving student identity.

We are doing this because students should see themselves reflected in their learning materials, in their classrooms, and in the school community.

#### Throughout the year, we will be:

1. Inviting students to share their voices and contribute to building a school environment that reflects our diversity and identity.
2. Engaging with community partners and families/guardians about how to improve the diversity and inclusivity of our school.
3. Building staff capacity to continue to provide inclusive learning experiences.

#### Community/Home Connections

Talk with your child about your family's identity and beliefs.

Encourage your child to suggest ways that school could be more inclusive.

Check out this resource [Personal Identity Wheel](#) to spark discussion with your child.
