

Thames Valley District School Board

Our school is committed to providing all students with a safe, caring, and inclusive learning environment free from bullying and harassment that promotes respect, acceptance, and empathy.

Our staff, students, parents, and community will work together as a team to make our school safe and welcoming for everyone.

Safe and Inclusive School Plan

Ensuring Positive Learning Environments

This year we are focusing on building healthy relationships.

A school-wide focus on healthy relationships will develop and sustain a healthy, equitable and inclusive learning environment, essential to improved student academic achievement.

Throughout the year, we will:

1. Facilitate classroom practices/activities that focus on Acts of Kindness, Being a Good Friend, Being Respectful, Conflict Resolution, Empathy and Listening
2. Work with community partners and families/guardians around developing the skills necessary to build and maintain healthy relationships.
3. Introduce and implement a restorative approach through training staff, engaging with community partners, and using common language and community circles.

Community/Home Connections

Ask your child and talk about what makes them a good friend and what attributes they value in others..

Try talking about positivity and kindness. Why are kind actions important? What do Acts of Kindness look like and sound like at home, at school and in the community.
