

# Thames Valley District School Board

Our school is committed to providing all students with a safe, caring, and inclusive learning environment free from bullying and harassment that promotes respect, acceptance, and empathy.

Our staff, students, parents, and community will work together as a team to make our school safe and welcoming for everyone.

## Safe and Inclusive School Plan

### Ensuring Positive Learning Environments

This year we are focusing on ensuring students see themselves represented on the walls, in the halls, and in their learning.

#### Throughout the year, we will be:

1. Creating a centralized resource bank for staff filled with resources that focus on equity and inclusion.
2. Providing educators with book lists that include a variety of characters and plots.
3. Creating an Equity and Inclusion team that will share tidbits of information with staff weekly, with suggestions for how to create an even more equitable learning environment.

### Community/Home Connections

1. Fill out our Celebrations Survey at the beginning of the school year! We want to know what you celebrate and how you celebrate so that we can celebrate with you, too!
2. Teach us about your family's cultural values both on an ongoing basis and as special traditions approach so that we can ensure your children see themselves in our pedagogy, curriculum, environment, and materials.
