

Thames Valley District School Board

Our school is committed to providing all students with a safe, caring, and inclusive learning environment free from bullying and harassment that promotes respect, acceptance, and empathy.

Our staff, students, parents, and community will work together as a team to make our school safe and welcoming for everyone.

Safe and Inclusive School Plan

Ensuring all students, staff and community members have a strong sense of belonging.

 This year we are focusing on increasing a sense of belonging for our students and our community.

We are doing this to see an improvement in student well-being and overall academic achievement.

Throughout the year, we will be:

1. Ensure the walls of our school represent and celebrate our diversity.
2. Create a Diversity Team with staff and students to lead learning and school wide initiatives.
3. Increase our school resources to represent diverse identities, cultures and experiences.

Community/Home Connections

- Ask your child/children one thing that they shared with their class today during a community sharing opportunity.
- Encourage your child/children to share ways they might feel more welcomed and represented at school.

Check out this [video link](#) to hear about some of the strategies our educators are using to help build a sense of belonging.
