

Thames Valley District School Board

Our school is committed to providing all students with a safe, caring, and inclusive learning environment free from bullying and harassment that promotes respect, acceptance, and empathy.

Our staff, students, parents, and community will work together as a team to make our school safe and welcoming for everyone.

Safe and Inclusive School Plan

Ensuring Positive Learning Environments

This year we are focusing on creating increased opportunities for ALL students to feel welcomed and included in our school community.

We are doing this to ensure all students will have an opportunity to share their voice, see themselves represented in our community and will feel comfortable to report issues.

Throughout the year, we will be:

1. Building strong relationships (staff, students, families);
2. Creating opportunities for student leadership;
3. Increasing awareness of equity and diversity through guest speakers and community presentations.

Community/Home Connections

Ask your child about other cultures/religions/customs and how they can be more welcoming of these in our schools.

Try researching some of these at home with your child.
