

# Thames Valley District School Board

Our school is committed to providing all students with a safe, caring, and inclusive learning environment free from bullying and harassment that promotes respect, acceptance, and empathy.

Our staff, students, parents, and community will work together as a team to make our school safe and welcoming for everyone.

## Safe and Inclusive School Plan

### Ensuring Positive Learning Environments

This year we are focusing on expanding student voice through leadership to better represent culture and inclusivity within the school.

We are doing this because we want our school to be inclusive of all cultures and voices.

#### Throughout the year, we will be:

1. Incorporating more cultural learning into our assemblies, lessons, and interactions with each other.
2. Invite community partners to provide explicit professional learning for staff.

#### Community/Home Connections

Ask your child about what new cultural learning they have participated in recently?

Try reading culturally diverse stories from our school library at home with your child.
