

Thames Valley District School Board

Our school is committed to providing all students with a safe, caring, and inclusive learning environment free from bullying and harassment that promotes respect, acceptance, and empathy.

Our staff, students, parents, and community will work together as a team to make our school safe and welcoming for everyone.

Safe and Inclusive School Plan

Ensuring Positive Learning Environments

This year we will focus on building an inclusive and equitable school community and promote positive mental health.

We are doing this by creating respect expectations. Respect for self, others, the learning environment, and the property of the school. Through this we will see an improvement in student well-being and overall academic achievement.

Throughout the year, we will be:

1. Working hand-in-hand with our families to foster positive mental health as a home/school partnership.
2. Actively seeking workshops on equity, inclusivity, and respect.
3. Recognizing and celebrating positive actions that build our goals within the school community and beyond.
