

Thames Valley District School Board

Our school is committed to providing all students with a safe, caring, and inclusive learning environment free from bullying and harassment that promotes respect, acceptance, and empathy.

Our staff, students, parents, and community will work together as a team to make our school safe and welcoming for everyone.

Safe and Inclusive School Plan

Ensuring Positive Learning Environments

This year we are focusing on cultivating a culture of kindness and respect (towards self and others) as well as strengthening a sense of school community.

We are doing this so that students will develop self-respect which will broaden to the classroom and larger school community.

Throughout the year, we will be:

1. Committing to exploring mindfulness techniques as a school community, as a classroom and as individuals by using a variety of resources and staff personnel.
2. Providing opportunities do develop school community through virtual assemblies, spirit days and other positive social connections.

Community/Home Connections:

Ask your child about different mindfulness strategies.

Ask your child to teach you about square breathing.
